1	v1.0.0	2
----------	---------------	----------

1 v1.0.0

- Created App
 - Name: Location Saver
 - Package: com.chaturvedi.locationsaver
- In MainActivity, saved locations will be displayed. On clicking, “Complete Action Using” dialog will be displayed to open the location in Maps.
- 3 MenuItems added: ‘Export’, ‘Import’, ‘Add Location’.
- On clicking ‘Add Location’, coordinates will be taken using GPS. A dialog is displayed which contains
 - Name: To be entered
 - Coordinates: Filled automatically
 - Address: To be entered
 - Notes: To be entered
- On adding, location will be saved on SD Card: Internal/chaturvedi/LocationSaver/Locations.txt
